

Riverside Neighborhood Association

Encompassing Neighbors from Lawrence Street to Light Street and from Key Highway to the Railyard

NEXT MEETING: Monday, July 25

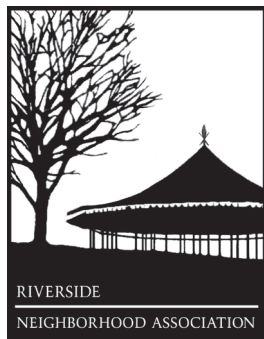

7 pm at Salem Lutheran Church (corner of Randall & Battery)

Terrific Turnout for our June RNA Meeting – *John G. Paré Jr.*

We had a terrific turnout for our June meeting. Representatives from Sagamore gave a presentation on plans for Port Covington. Neighbors had questions related to parking, traffic patterns, and transportation options—as well as suggestions for tenants for the retail and housing spaces. RNA reiterated our position that zoning for public spaces be tied to the land and not to the owners, and we will continue to monitor this as the project progresses.

Attending the RNA monthly meetings is a great way to stay informed about what is happening in our part of the city and our ongoing efforts to improve our neighborhood. If there is a topic you are interested in knowing more about or if you have a suggestion for a speaker for an upcoming meeting, please let me know at RNABaltimore@gmail.com.

Getting involved is both fun and rewarding. Hope to see you at our next meeting on July 25!

Summer Concerts Rock On – *Joelle Woolston*

The first concert was a great success - thank you to every who helped pull it off, especially with the last minute change of venue. Many thanks to the Crowdaddies, for great music, being flexible and playing in the sun the whole time and Shaun Wilson, our sound guy, who worked very hard to find a suitable alternate location and get everything set-up and running in the short window allotted to him.

Please join us from 5-8 on the Second Sunday of the month to enjoy free music sponsored by Domino Sugars. We ran through the two kegs donated at the first concert by Union Craft and Key Brewing, so Key Brewing is providing two kegs for future concerts. The Washo team is donating the wine and again we want to thank

Little Havana's and Captain Larry's, for all their behind the scenes work that makes the beverage sales possible. Thank you to Duo Signs for the banners, both for the concert and at the pool.

At Our Next Meeting:

BGE will be back at our July meeting to discuss progress of line replacement and take any resident questions.

The following are recent and upcoming RNA Activities. Details for all of the following are in the newsletter and discussed at monthly meetings:

- Port Covington meetings with Sagamore
- Port Covington presentation
- DOT meeting for Light St - Key Highway intersection
- DOT Meeting for Lawrence St improvements
- Concerts in the Park
- Salem Lutheran Youth service day in Riverside Park
- Park permits meeting with Deputy Mayor
- Monthly Garden Club
- COP Walks
- Little League Day at Riverside Pool
- Twilight Swims at Riverside Pool
- Friends and Family Day at Riverside Pool

In Park and Pool News...

RNA board members met with the Deputy Mayor and Director of Rec & Parks to discuss our last concert and basic permitting issues. We are waiting on some final resolutions from the city and then we will have a detailed update via social media and at our next meeting.

Thanks to Domino Sugar we had our second summer concert at Riverside Park on July 10. The event featured music by Ellen Cherry and food truck Greek on the Street

Water Ballet Coming to City Pools

Fluid Movement presents our 15th annual synchronized swimming spectacular: SCIENCE FAIR!: The Water Ballet. Hypothesis: It's Gonna be Awesome! Go back to school and behold the tri-fold! Share our students' fears of experimentation, demonstration, and evaluation! Will they all finish in time? Have YOU turned in your project yet? Come witness the scientific wonders of student-developed reanimated corpses, post-apocalyptic wastelands, space travel, time travel, and the love affairs between the elements that make up our world. This educational rite of passage is presented via multi-disciplinary methods including choreography, comedy, and special effects, all blended with glitter, chlorine, and spandex. The Science Fair entrants have even built an unheard-of experimental Friday Night Show, with transformative lighting and additional glitter! WILL IT WORK??
